***The Most Trusted Name In Real Estate Since 1987***

## Mission Statement and Commitment

**My Mission** is to help make your real estate dreams possible and to ensure you receive the "*User Friendliest*" and most knowledgeable service available from any realtor...anywhere. As one of Toronto's leading realtors since 1987, I understand the trust my clients place in me when buying or selling perhaps their most valuable asset. I will continue to earn your trust by providing the most reliable, trustworthy, courteous and effective service in the industry time and time again.

**My Commitment** is that I will take the sale of your home seriously. I will treat you with respect, integrity, honesty and professionalism because its not just the 1 sale of your home that I'm interested in, but, in the course of your lifetime, you will probably move another 2-3 times, and a long term relationship is what I'm interested in. Not only this, but if I do a good job for you, then you would probably refer some of your friends to me, wouldn't you? My commitment to you is that I will use a "*User Friendly—No Pressure Approach*" when servicing your real estate needs.

**Why is this important to you?** Just as you have a doctor, a lawyer or an accountant for life, I want to be *your realtor for life*. Is this the kind of commitment you would want from the person to whom you are entrusting your greatest asset? Please review my 100% Satisfaction Guarantee.

**I look forward to making your move a smooth and enjoyable experience.**

Sincerely,

Joseph Bitton B.A., LL.B.
